Artwork Donation Year-end Deadline Policy

To allow adequate time for the Executive Director and Curator of Collections to consider a gift of artwork for RAM's permanent collection and conduct the appropriate follow-up, the deadline to receive notification of an interest in giving artwork(s) is December 15 in the year the donor would like to take a tax deduction.

Any inquiries that arrive after December 15 will be considered after January 1 in the following calendar year. Works brought to RAM or Wustum after December 15, without prior approval by the Executive Director, might not be accepted until the following year.

Although RAM prefers to have donated works arrive by December 15, it will accept pieces through December 31 if the Executive Director has had an initial conversation with the prospective donor by December 15 in the year in which the gift is made.
