Wisconsin Photography 2024

This biennial exhibition invites photographers and video artists throughout Wisconsin to submit up to 10 images or two short films for juror review. This allows the juror to conduct a more extensive review of an artist's body of work and, if they wish, the opportunity to select multiple pieces from an artist's portfolio—creating a dynamic exhibition where viewers can get a better sense of how the artist expresses their ideas across multiple works. *Wisconsin Photography 2024* features 96 works by 35 artists, offering many points of view and styles of working.

Since the early 1980s, RAM has purchased works for the museum's permanent collection to assemble an in-depth record of Wisconsin photographers and their career developments. In 2024, RAM will add 11 works to its collection through donations and memorials. Thanks to contributions from family and friends, the museum is acquiring work in the name of **Arthur P. Haas**, an award-winning photojournalist who worked at Racine's *Journal Times*, and **Cynthia Anne Georgeson**, a longtime RAM supporter. Gifts received from family and friends in honor of **Jessica Zalewski's** birthdays while she served as a member of RAM's staff are also underwriting several purchases.
