As our drawing group may include both beginners and professionals, I have arrived at the following list for anyone who may need guidance. Beginners should work in charcoal or pencil as they give the greatest opportunity to make changes. I am open to more advanced students working with any media that interests them.

Drawing Materials

- Ebony pencils (3)
- Charcoal pencils—soft and medium
- Compressed charcoal sticks—soft and medium

Paper

- 18 x 24-inch drawing pad (or larger)—
  Strathmore 400 Medium Series is a good choice

Additional Supplies

- Drawing board to support your drawing pad
- Kneaded eraser
- X-acto knife
- Tissue paper
