Bubble painting is a fun way to create art without a paint brush!

With just a few basic supplies, these colorful paintings are easy to make at any age.

## Supplies

- Liquid Watercolor or Tempera Paint
- Bubble Solution
- Bubble Wands
- Cups or Small Bowls
- Construction Paper or Cardstock
- Tablespoon

## Directions

1. Add three tablespoons of bubble solution and two tablespoons of paint into a cup.
2. Mix the paint and bubble solution together.
3. Place a piece of paper on the grass or a covered table. This is going to get messy!
4. Dip the bubble wand into the bubble paint, and blow bubbles so they land on the paper.

TIP: If you don't have any pre-made bubble solution, you can easily make your own with a little water and dish soap. Combine two tablespoons of dish soap (Dawn or Palmolive work best) and one tablespoon of water.
