Snowman Paper Wreath

Get in the holiday spirit by creating your very own snowman wreath. This art activity utilizes basic materials you may have laying around your home and is great for kids of any age!

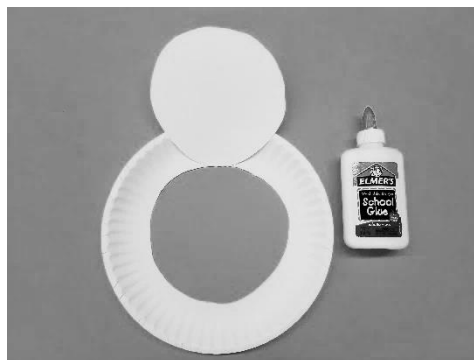

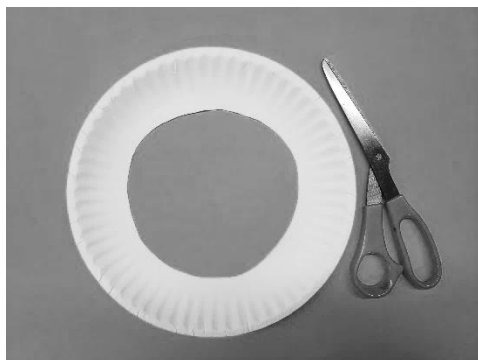

Supplies

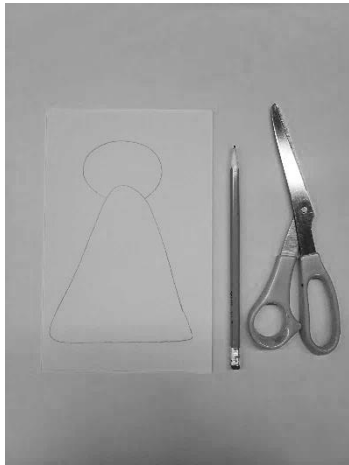

- White paper plates
- Cotton balls
- Color paper
- Glue
- Scissors
- Pencil
- Coloring tools

Instructions

1. Neatly cut the middle out of a paper plate using scissors. The middle of the paper plate is for the snowman's head.
2. Glue the snowman's head to the top of the paper circle with glue.

3. Use a pencil to design a top hat for the snowman using a piece of color paper.
4. Cut your hat out with scissors and glue it onto the head of the snowman.
5. Design the eyes, a nose, a mouth, and arms for your snowman using a pencil and color paper.

6. Cut your designs out with scissors and glue them onto the snowman.
7. Cut three strips of paper to make a scarf for the snowman and trim two of the ends into small strips to make it look more like a scarf. Glue it onto the neck.

8. Glue cotton balls around the circular body of the snowman.
9. Use drawing tools to add extra details and designs. And, voilà! You have created your very own snowman paper wreath.
10. To hang your snowman wreath, tape a piece of string to the back.
