## Nature Walk Cardboard Vase

Go out and explore nature to enjoy this recycled Earth Day-inspired project! Gather flowers on an outdoor walk, then create a cardboard "vase" to display your collected plants.

Project sample and photography:  
Emma Vanderwall

### Supplies

- Cardboard
- Scissors
- Marker

## Instructions

1. Cut a square from cardboard no smaller than 5 x 5 inches.
2. Use your marker to draw a vase on the bottom of the cardboard.
3. Poke 5–10 holes above the vase using scissors—kids should ask an adult for help.
4. Go for a walk and collect a variety of flowers and plants
5. Insert the stems of the plants into the holes in the cardboard.
6. Hang and enjoy!
