

# R|A|M

## Super Dad for Father's Day

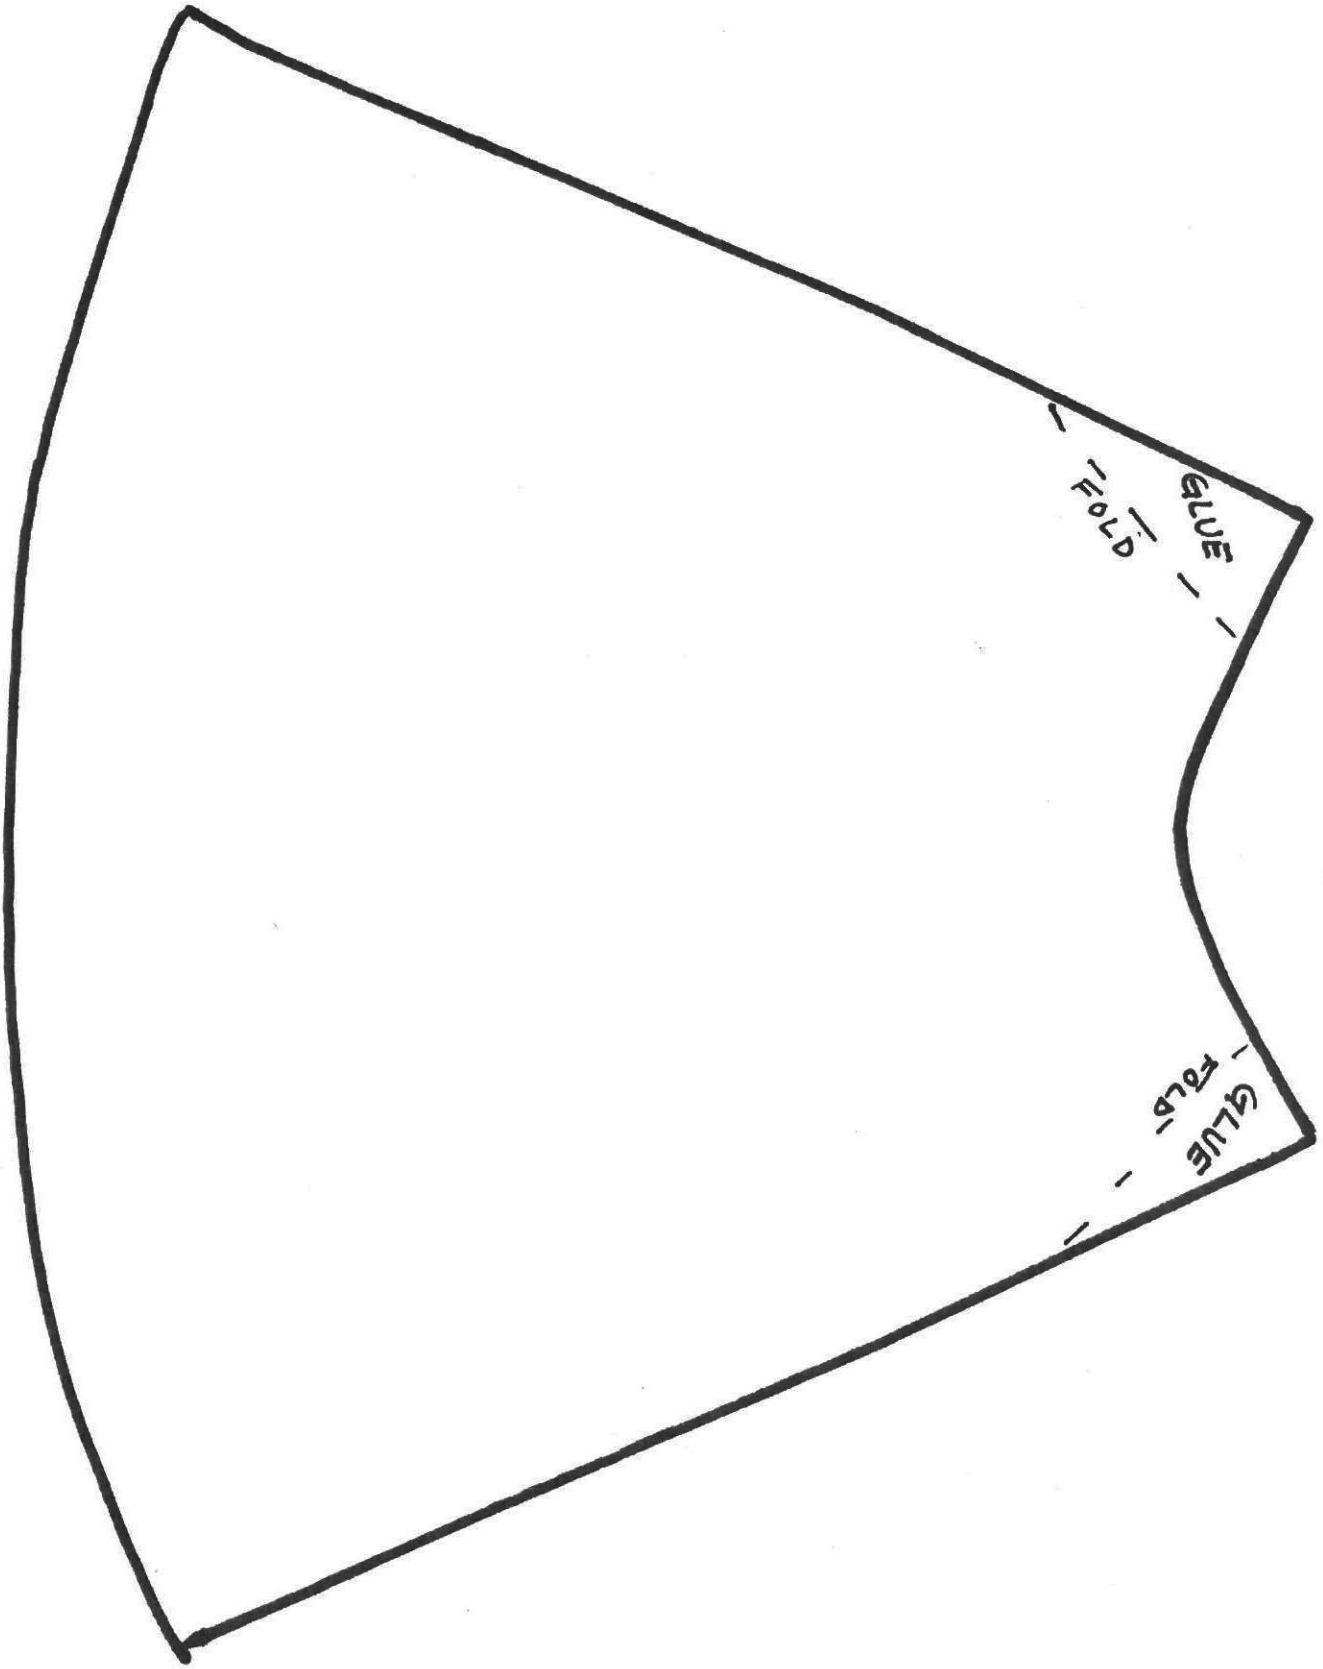

### Supplies

- Colored Pencils, Markers, or Crayons
- Scissors
- Glue
- Printer – to print out the templates

### Directions

1. Print out the two templates at the end of this document – one is the Super Dad template, and the other is his cape.
2. Color the templates with markers, colored pencils, or crayons to make it look like your dad as a super hero. Feel free to draw different hair and other features to make it look as much like your dad as possible. Don't forget to color the cape!
3. Cut out your Super Dad and his cape.
4. Place the cape behind your Super Dad, as seen above.
5. Using a glue stick or a liquid glue, add a little bit of glue to the part of the cape that's labeled, "glue."
6. Fold the cape over your Super Dad's shoulders, and press down to glue the cape on.
7. Color the parts of the cape that you folded over.
8. Wait for the glue to dry. Then, your Super Dad is done!
