## Wisconsin Photography 2012

For *Wisconsin Photography*, the selection process is similar to a portfolio review – the juror chooses the artists as well as representative body of work. The 2012 exhibition includes 118 pieces by 50 artists, selected from a total of 862 works submitted by 87 photographers. Since the first *Wisconsin Photography* exhibition in 1979, the Racine Art Museum has purchased works for the museum's permanent collection. Through these acquisitions, RAM has assembled a vibrant record of Wisconsin's photographers and their career developments. This year, we will add the following seven new works to the collection.
