**Wisconsin
Photography
2022**

This biennial exhibition, *Wisconsin Photography*, invites photographers and videographers throughout the state of Wisconsin to submit work for review. RAM's Wustum Museum of Fine Arts continues a significant museum tradition with *Wisconsin Photography 2022*. This year's exhibition features 113 works by 81 artists. Since the first *Wisconsin Photography* exhibition in 1979, the Racine Art Museum has purchased works for the museum's permanent collection. Through these acquisitions, RAM has assembled a vibrant record of Wisconsin photographers and their career developments. This year, the museum will add the following six new works to the collection.
