Racine, WI 53403

RAM is pleased to offer exhibitions and education programs inspired by the museum's Twentieth Anniversary.

RAM is partnering with [Mahogany Gallery](#) in Racine to present *Futures Reimagined: RAM Community Art Show*, open June 14 – August 5 at RAM's Wustum Museum. This exhibition invites artists to share their ideas about what a potential future—realistic or fantastical, possible or impossible—could look like.

The 2023 *RAM Community Art Show* is inspired by the theme of Mahogany Gallery's [2nd Annual Wisconsin Black Arts and Culture Expo](#), *Black Futures*. As a part of *Futures Reimagined*, Mahogany Gallery CEO Scott Terry invited artists to participate in the next iteration of the Expo theme, *Black Futures 2*.
